MEMORANDUM FOR: Mr. Hank Knoche

25X1A

SUBJECT : Proposed Annex, "The Intelligence Process"

1. The general reactions within CIA to the draft for the proposed annex is that it will require an awful lot of work, either being completely rewritten or requiring a brand new effort. I think there is a better way out.

2. The CIA position in regard to this annex is that with about eight pages of the Director's statement to the Select Committee addressing itself to the American intelligence process, plus the inclusion of the Annex A paper from the submission to the Rockefeller Commission and the proposed annex on the USIB structure, there is no need for the proposed annex. CIA votes that it be scrubbed.
